

### 3/9/20 - IWCE 2020 is Officially Postponed

**As part of a Managed Postponement Program and** after close consultation with our partners in the industry, **we have made the difficult decision to postpone [IWCE 2020](#).**

With the rapidly developing circumstances and in light of corporate travel considerations continuing to escalate, we've worked as quickly as possible to explore our options.

Having spent the past year preparing for the event with our advisory boards, speakers, exhibitors and event partners, we're genuinely disappointed not to be able to host you in three weeks, but the experience and safety of our community and everyone involved in the event continues to be our top priority.

**The intention is to announce a new date shortly.** Exhibitors and attendees will be contacted with further information regarding booth contracts and registrations.

We understand there will be a lot of questions and concerns following this announcement. For attendees, we will automatically transfer your registration to the rescheduled event. For questions and concerns, please contact [iwceoperations@informa.com](mailto:iwceoperations@informa.com). We are aiming to answer your queries within 48 hours but due to a high volume of emails, please expect a slight delayed reply and we thank you in advance for your patience.

For exhibitors and sponsors, we will transfer your program to the future event. Your Account Manager will be reaching out personally in the next few days to discuss your immediate questions. We continue to work diligently to ensure all details are buttoned down and we thank you for your patience.

As always, we would like to thank everyone who helps to make the event possible and recognize that our event does not happen without your support. We appreciate the open discussions and encouragement. The conversations we've had over the last several days have proven how lucky we all are to be part of this supportive, tight-knit industry. As everyone has been reminding us, great things happen when the community comes together and connects at IWCE events.

Thank you,

Stephanie McCall, Show Director  
Paul Caplan, General Manager
